

TRAC TRAC

Starting Wednesday, the races will be tracked in real time and shown on the large screen in the “Havnebad” area and can be viewed on an App that can be downloaded from tractrac.com

All dinghies MUST carry a transmitter which will be available from the young sailors hut beside the sailing club building from the outside door nearest the slipway and returned after the days races.

Time for collection in the morning is from 07:15 until 09:00 and returns until 1 ½ hours after dinghies have returned to the harbour.

Failure to bear a transmitter or not return the transmitter for recharging on the same day will result in a penalty of 5 points per day.
